

SEKTMANUFAKTUR SCHLOSS VAUX

150 years of tradition and experience and the right sense of innovations made the small but exclusive manufacturer in the Rheingau area a producer for sparkling wines of highest standards.

Established in 1868 as a Champagne cellar in Metz/France, even today Schloss VAUX only uses the traditional manufacturing method of the bottle fermentation for all their sparkling wines with a long period of maturation in the original bottle. The top products reflect the terroir of famous Rheingau vineyards with Riesling and Pinot Noir.
